Nuclear Energy and Fuel Cycle Division

Dave Pointer, Director (Interim)

Advanced Reactor Engineering and Development Section

Prashant Jain (Interim)

Advanced Reactor Systems Group

Wesley Williams

Energy Systems Development Group

Kevin Robb

Nuclear Operations and Licensing Group

DeLeah Lockridge

Systems Analysis and Optimization Group

Jorge Navarro

Risk Methods and Analysis Group

Alex Huning

Thermal Hydraulics Group

Vittorio Badalassi (Interim)

Nuclear Structures and Construction Group

Yann Le Pape

Modern Nuclear I&C Group

Pradeep Ramuhalli

Nuclear Data, Criticality Safety and Radiation Transport Section

Doug Bowen

Nuclear Criticality Group

Walid Metwally

Nuclear Data Group

Klaus Guber

Radiation Transport Group

Tara Pandya

Nuclear Modeling and Simulation Development and Deployment Section

Bob Grove

Power Reactor Modeling Group

Matt Jessee (Interim)

Nuclear Transmutation and Decay Physics Group

Arzu Alpan

Research and Test Reactor Modeling Physics Group

Eva Davidson

Nuclear Code Integration Group

Rob Lefebvre

HPC Methods for Nuclear Applications Group

Tom Evans

Nuclear Fuel Development Section

Andy Nelson

Advanced Fuel Fabrication and Instrumentation Group

Christian Petrie

Nuclear Fuel Element Performance Group

Jason Harp

Particle Fuel Forms Group

Tyler Gerczak

Irradiation Engineering Group

Richard Howard

Nuclear and Extreme Environment Measurements Group

Dianne Bull Ezell

Integrated Fuel Cycle Section

Andy Worrall

Fuel Cycle Chemistry Technology Group

Leigh Martin

Used Fuel and Nuclear Material Disposition Group

Rose Montgomery

Nuclear Materials Packaging, Transportation and System Analysis Group

Oscar Martinez
